If this is your first introduction to Wat's Dyke C. P. School, may I wish you and your child(ren) a very warm welcome. Choosing the right school for your child is vitally important. Parents/Carers want an excellent education for their children, as well as being secure in the knowledge that their children are happy and feel safe in school; I hope the information contained in this booklet reassures you that we want those things too.

We are a nurturing primary school, and our school has a tradition of fostering a happy, hardworking atmosphere based on sound relationships between pupils, their teachers and strong home-school links. We strive constantly to ensure that the environment is caring, supportive and stable. The individuality of each child is precious, and each child is encouraged to be the best that he or she can be, both socially and morally as well as academically. This is achieved by ensuring a true partnership between teachers, parents and children. The school belongs to us all and we aim for our school to be a calm, inclusive and friendly learning environment for all pupils, staff and parents.

Staff are dedicated to achieving the highest standards for every child within Curriculum for Wales. All our learning activities are designed to support pupils in becoming:

- ambitious capable learners
- ethically informed citizens
- healthy confident individuals
- enterprising creative contributors

At Wat's Dyke, we are very fortunate to have our own Forest School and we extend our learning to the outside as much as possible.

We welcome parents/carers to join our school and encourage you to contact us for more information.
Please read through our alphabetical prospectus which is designed to provide you with a brief insight into our school life.

We look forward to a long and productive partnership with you.
Mrs. Fay Green, BA (QTS), NPQH.

Wonderful Adventures Throughout School ...

At Wat's Dyke Primary School, our enrichment programme offers a range of after school activities and educational visits, including residential trips and visitors to school. These experiences provide our pupils with excellent learning opportunities, allowing them to develop the essential life skills which are embedded in the 4 Core Purposes of the new Curriculum for Wales.

We believe that school trips, educational visits and visitors should be viewed as powerful, positive teaching tools that help enhance the social, personal and emotional development of all learners. Extra stimulation in new environments can be particularly beneficial to pupils and can help teach life skills, build on social skills and improve independence and self- confidence.

We recognise that a rich, varied and appropriate curriculum facilitates meaningful learning. The purpose of the enrichment activities we incorporate into our curriculum is to provide pupils with engaging experiences which, in addition their everyday activities, will enhance their learning. Learning outside the classroom therefore adds value to each individual child's academic and personal development and is a key component in the implementation of our curriculum.

Parents/Carers are welcome to visit school at any time.

Attendance – Regular and punctual attendance at school is highly valued and a good habit. Our attendance is above National and Local Authority averages. We appreciate the support of parents in maintaining this high standard. We praise and encourage punctuality and ask parents to ensure children are in school by 8:55am. See our website for our latest attendance data.

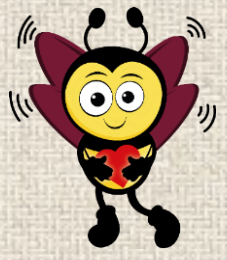

Absences - All absences must be reported to the school office by 9:30 am via telephone on 01978 355731. If no one is available to answer the call, please leave a message. A whole school attendance register is taken electronically twice daily for monitoring attendance. This is a statutory duty of the school. School will contact parents/carers to check their child's wellbeing if we have not received a message.

Additional Learning Needs (ALN) - Some children face barriers to learning which can take many forms. At Wat's Dyke School, we are committed to working together to support all pupils to help meet their needs and reach their full potential. As part of a graduated response, we implement support at a universal and targeted universal level and through additional learning needs provision.

As a school we ensure the needs of all pupils are met through high quality teaching and learning provision.
Our Universal Provision includes:

Effective differentiation
Collaborative group and partner work
Individual and small group interventions (within the class or in the shared area with an adult)
Access to visual aids and support e.g. working walls, maths resources, writing frames
Group reading and individual daily reading

The school has an ALNCo who is responsible for overseeing the provision for supporting children. In our school Mrs V. Roberts has this responsibility.

Breakfast Club - This is available to pupils Monday to Friday from 7.45 am and takes place in our school hall. Pupils need to be booked in to breakfast club via ParentPay.

Break Times – We have different break times for every department. All pupils are encouraged to bring in a healthy snack or for our Nursery – Year 3 children a healthy snack can be purchased in school.

Phase 1 – Snack Time 10:30 am
Phase 2 – 10:30am – 10:45 am
Phase 3 – 10.45am – 11.00 am

Behaviours for Learning – Pupils are encouraged to become reliable, polite, self-motivated and responsible for their own actions. Staff and pupils ensure that our school is a well-mannered, safe and caring environment by following our golden principles.

Collection - In Phase 1 and Phase 2, children are brought into school and dismissed from the classroom doors. In Phase 3, doors are open at 8:45 am for a free flow into school and children are dismissed to parents/carers from the main yard at 3:05 pm. If parents/carers have arranged for someone else to collect their child, the school should be informed via the main office. If a child is being collected early for a medical appointment, parents/carers need to inform the school and collect from the main office.

Criw Cymraeg - Our Criw Cymraeg Committee work to encourage the use of the Welsh language throughout school.

Child Protection – The department for Education and Welsh Government guidance makes it clear that schools and colleges have an important role to play in the protection of children against all forms of abuse. This is confirmed by the Wrexham Area Child Protection Committee policy, which sets out the necessary procedures to be followed by all staff. Wat's Dyke C.P School, therefore, has a duty to refer any concerns about the well-being of pupils.

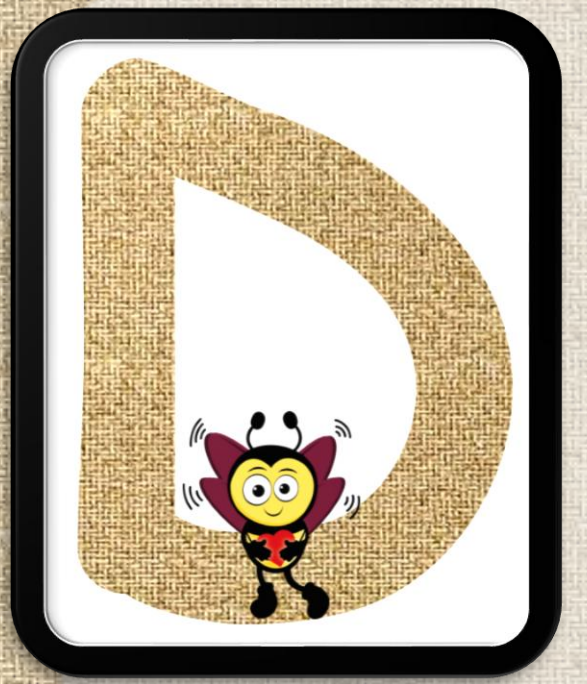

Curriculum - Our curriculum is pupil voice influenced and is built upon the four core purposes:

Ambitious, Enterprising, Ethical and **Healthy,**

in-line with the Curriculum for Wales.

Dinners - From September 2023, all children in the primary setting now receive Universal Free School Meals. Dinners need to be booked in advanced using ParentPay.

Drop off - Children will be greeted in Phase 1 and Phase 2 at the classroom doors and Phase 3 children will free flow into school from 8:45am. Registration is at 08.55 am. We urge parents/carers to ensure children arrive on time to minimise disruption and loss of learning caused by being late. If arriving late and the gates are closed, parents/carers will need to bring their children to the main entrance.

Disability – At Wat's Dyke we are committed to ensuring that we work in conjunction with the Local Authority, to ensure that any child with a disability, health condition or specific learning difficulty is provided with the required facilities, assistive technology or support services to enable them to make the most of their time in school.

Extra-Curricular Activities - A number of extra-curricular activities are available to the children. These vary from term to term and are often based upon what is most suitable at a particular time of year. All parents/carers must complete a registration form for any After School Club so that a regular record can be kept. Children will be dismissed from the main door at the end of the session.

Eco Warriors - Our pupils vote annually for members of our Eco Council. They meet to discuss and plan how to help our school in becoming more environmentally friendly.

Pupils are also permitted to bring their own healthy snack into school should they wish. Pupils in Phase 3 are encouraged to bring a healthy snack for morning break.

First Aid - Despite our upmost care, accidents do sometimes occur. All staff are first aid trained and we have first aid facilities in school.

The governing body is committed to the success of the school and is always involved in the decision-making process towards staffing, finance, curriculum and wellbeing. Once a year governors prepare a report for parents. Parents are invited to a meeting to discuss the contents of this report and further direction of the school.

It is important that any absences are avoided during these times as all pupils within these year groups will need to undertake these tests.
